RJC CERTIFIES PRECIGEMS SA

LONDON - RJC announced today that Precigems SA has achieved Certification against the 2013 Code of Practices (COP) at its manufacturing facility in Meyrin, Switzerland.

“It is a pleasure to announce Precigems SA has been certified against the 2013 COP. The provisions under the 2013 COP address important issues for our Members and their supply chain. We are delighted to see Members achieving Certification against the standard and warmly congratulate Precigems SA,” says Andrew Bone, RJC’s Executive Director.

The successful verification assessment was led by Franck Pauod and Sébastien Gianelli from Mazars SA, one of the independent third-party auditing firms accredited by the RJC.

“We are really proud of having achieved RJC Certification. Managing our business following the principles and the RJC Code of Practice is now our priority, with the aim to promote ethical, social and responsible practices, in a Human Right respect throughout the gold and diamond supply chain,” says Davi Galvao, Director of Precigems S.A.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 800 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC’s Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.

The RJC is a [Full Member of the ISEAL Alliance](#) – the global association for sustainability standards. For more information on RJC Members, Certification, and Standards please visit www.responsiblejewellery.com
